# COLOR FIXER

## PRODUCT DESCRIPTION

Teamex Color Fixer prevents your clothes from fading and restores colors in faded fabrics. It is easy to use and gives you colorful shining clothes. This color fixer keeps your clothes permanently the same and protects your clothes from color bleeding. It dissolves easily even in cold water and gives clothes patch-free stiffness. It leaves your clothes squeaky clean, softly conditioned, and fresh smelled. It is suitable for all colors and fabrics.

## DIRECTION TO USE

Fill the buckets with enough "40°C" hot water so that the fabric is completely soaked. Add 20 ml Teamex Color Fixer to a bucket and mix well. Always soak one cloth for at least 1 hour at a time. Remove the cloth after 1 hour and leave it to dry, do not rinse afterwards. In case of heavy fabrics like trousers, jeans and saris, the dosage of Teamex color fixer is to be doubled.
